The image shows a 'Resource Browser' window. At the top, there's a title bar with 'Resource Browser' and a close button. Below the title bar is a toolbar with icons for refresh, download, previous, next, and a settings gear. A status bar on the right says 'Showing 1-1 of total 1'. The main area is divided into two panes. The left pane, titled 'Organizer', shows a tree view of files. The root is '/', and it contains a list of files numbered 1 through 28. Each file has a green circular icon with a white 'n' and a number in the right column. File 17 is selected. The right pane shows a preview of the selected file, 'predictor.sav', which is a '.sav' file. The preview shows the file name, the user 'latmarat', and the timestamp '2018-09-26 18:24:46'. At the bottom of the window, there are two buttons: 'Select' with a green checkmark icon and 'Cancel' with a red X icon.
